For domestic use

## Valet V-TEN

### Heavy Duty Central Vacuum Power Unit

Designed with heavy duty cleaning in mind, the Valet V-TEN provides ample suction power in a long life design to satisfy the most discerning cleaner.

V-TEN's U.S.-made motor features a two-stage fan design, dual 10mm ball bearings, die cast housing and brushless technology for long life and maximum reliability.

V-TEN has a high capacity large diameter dirt cannister and uses Valet Max-Flo HEPA filter bags for easy mess-free dust disposal.

Compatible with all Valet and iCentral hoses, brushes and tools.
